- Diversity of Interest

PROFILE

Graduate of computer science with experience working across the digital sphere of graphic design. I've built a few projects by myself and I'm looking for a role where I can grow and learn from other experienced team members.

EXPERIENCE

2018 - PRESENT

FREELANCE PROJECTS

Cliffland Schools

- Developed open source template for educational solution with HTML.
- Included animations in the authentication page to differentiate sign in and sign up screens.

An interactive playable Covid 19 bubble map

- Created 3 lines of code using Plotly Express in Python to show the interactive bubble chart on the global map.
- Embedded ISO-Alpha locations parameter that takes the country codes to geocode the countries on the map.

Estate Communications

- Built an E-commerce using Django & React with the help of a 3-man team.
- Integrated PayPal API interface and JWT authentication (JSON web tokens).

2016 - 2017

TESTIMONY HOUSE

BRAND DESIGNER

- Created graphical contents for specific purposes and awareness.
- Completely revamped Welcome entry hard copy cards.

2015 - 2015

SWIFT NETWORKS

INTERN

- Monitored CRM levels and assisted the software team to tackle and resolve a down-time bug.
- Worked with 8-person team on data upgrade to a newly installed data center.
